Irreconcilable Senators Indicate Unfriendly Atti-tude Toward Treaty; Warm Fight Predicted

[Republican A. P. Leased Wire] WASHINGTON Dec. 10.— Indica-tions of opposition in the senate to ratification of the four-power Pa-cific treaty developed today shortly after the new pact was announced at the arms conference.

REED ATTACKS House Passes Bill For Appointment of 22 Federal Judges

WASHINGTON, Dec. 10—By a vote of 197 to 90 the Walsh bill for pointment of 22 additional federal district judges was passed late today by the house and sent to the senate after an amendment which ould have required federal judges to devote all their time to judicial duties had been ruled out on a point of order.

Creation of the judgeships was advocated by Chief Justice Taft, Attorney-General Daugherty and a group of federal judges and district attorneys which made a survey to determine the causes and extent of docket congestion in various districts and the means of expediting the handling of cases. Districts to which new judges would be allotted under the bill include: Montana, Arizona, Northern California, Southern California, Northern Texas, Middle Tennessee, and Southern Florida, one each.

The bill also provides for the holding annually of a conference.

Word that the house had passed the bill creating 22 additional federal district judgeships, including one in Arizona, set political gossip going last night as to a possible appointee.

of Prescott are two who have been mentioned as possibilities in the awarding of the new federal judgeship in this state. Undoubtedly there will be others who will be mentioned as likely candidates.

One of the principal effects of the treaty, both Republicans and Democrats agreed, would be its termination of the Anglo-Japanese alliance. "The real purpose of the treaty is cunningly masked by fine phrases,"

Senator Reed declared. It is a verbal photograph of Elihu Root, but notwithstanding its sugar coating, it is nothing more or less than a quadrople alliance between Great Britain, Japan, France and the United States
